# Summer SUMMIT | 2025

## DIGITALEUROPE's Summer Summit

The 2024 edition of DIGITALEUROPE's Summer Summit took place at the Le Louise Hotel in Brussels and online. The afternoon explored the role of critical technologies and an assessment of the EU's economic security. Margrethe Vestager, Executive Vice President of the European Commission kicked off the event, with DIGITALEUROPE's report also being launched at the event 'The EU's Critical Tech Gap'

This year we'll discuss a range of topics including but not limited to:  
**AI, Cyber, Tech and International relations**

As we start to plan for the summer, we are seeking sponsors for our high-level Summer Summit. Sponsors would help to drive the agenda for the Summit and the list of benefits can be found below.
